## WELCOME

Andrew and Norah Cass – ANC Full French Charolais – would like to extend a warm welcome to everyone to our annual Casino Sale.

We have been breeding stud charolais using only full french bulls since 1972 as a part of AYR Charolais, to advance on our own in 2002.

ANC joined up to 500 Full French females to majority Full French poll bulls and selected horned bulls. We also have fully imported embryo bulls and females ( from different female lines) from Frances best elite female genetics, unrelated to anything in Australia.

At ANC we breed cattle with depth of body which carries right through to deep hindquarters with width, length, plenty of muscle and doing ability. Our cattle have excellent milk, fertility, mobility, feet and structural correctness with loads of character and brilliant pedigrees.

## SALE CATTLE –

Our cattle are born and raised on grass. Only if needed, a couple of months before the sale, will they be given any feed and will remain in a big grassy paddock.

We look forward to your attendance on Friday 18th July 2014 at 12 noon at “Glen Laurel”, Guluguba.

## PROPERTIES –

**GLEN LAUREL** is 3727 acres of picturesque softwood scrub country, predominantly buffel and green panic grasses on the northern slopes of the Great Dividing Range, the start of the Central Highlands.

### HEATHERLEIGH –

Purchased in May of 2006, squaring up our block and giving us a total of 5000 acres.

**COOLA** – Ben Lomond (NSW) 800ac 40 inch rain fall, purchased for drought feed to give us a more consistent season to grow out our heifers.

*Andrew, Norah, Oscar and Archie Cass*

Photos are taken 1½ - 2 months before the sale date and are to add relevance to the pedigrees.

Not all photographs will do justice to the bulls especially the younger ones who may be fighting, riding as bulls are supposed to do.

Our aim is to get well-conditioned, fit, long-lasting sires that work for many years ... not a fattening competition.

The bulls live in big grassy paddocks, this can be seen on a video. Mobs of bulls in their paddocks can be viewed at:
