## WELCOME

Andrew and Norah Cass – ANC Full French Charolais – would like to extend a warm welcome to everyone to our annual On-Property Sale.

We have been breeding stud charolais using only full french bulls since 1972 as a part of AYR Charolais, to advance on our own in 2002.

ANC join 500 Full French females with Full French poll bulls available now. We also have fully imported embryo bulls and females (from different female lines) from Frances best elite female genetics, unrelated to anything in Australia. We will have calves on the ground and will be available at next year's sale.

At ANC we breed cattle with depth of body which carries right through to deep hindquarters with width, length, plenty of muscle and doing ability. Our cattle have excellent milk, fertility, mobility, feet and structural correctness with loads of character and brilliant pedigrees.

## SALE CATTLE –

Our cattle are born and raised on grass. Only if needed, a couple of months before the sale, will they be given any feed and will remain in a big grassy paddock.

We look forward to your attendance on Friday 19 July 2013 at 12 noon at "Glen Laurel" Guluguba.

## PROPERTIES –

**Glen Laurel** is 3727 acres of picturesque softwood scrub country, predominantly buffel and green panic grasses on the northern slopes of the Great Dividing Range, the start of the Central Highlands.

**Heatherleigh** purchased in May of 2006, squaring up our block and giving us a total of 5000 acres.

*Andrew, Norah, Oscar and Archie Cass*

## SALE INFORMATION

### INSPECTION:

We welcome cattle inspections at any time prior to the sale by arrangement with Andrew or Norah or your preferred agent.

### SEMEN TESTED:

All sale bulls are semen and morphology tested, a certificate is available for each bull. Their soundness is guaranteed by us.
