WELCOME

Andrew and Norah Cass – ANC Full French Charolais – would like to extend a warm welcome to everyone to our annual On-Property Sale.

We have been breeding stud charolais using only full french bulls since 1972 as a part of AYR Charolais, to advance on our own in 2002.

ANC joined over 600 Full French breeders to Full French poll bulls. We also used fully imported embryo (from different female lines) from France's best elite female genetics, unrelated to anything in Australia, in addition to some AI and single sire matings.

At ANC we breed cattle with depth of body which carries right through to deep hindquarters with width, length, plenty of muscle and doing ability. Our cattle have excellent milk, fertility, mobility, temperament, feet and structural correctness with loads of character and brilliant pedigrees.

SALE CATTLE –

Our cattle are born and raised on grass. A couple of months before the sale, they will be given light feed rations and will remain in grassy paddocks to stay fit and retain the ability to walk long distances.

We look forward to your attendance on Friday 28th August 2020 at 12 noon at "Glen Laurel", Guluguba.

PROPERTIES –

GLEN LAUREL is 3727 acres of picturesque softwood scrub country, predominantly buffel and green panic grasses on the northern slopes of the Great Dividing Range, the start of the Central Highlands.

HEATHERLEIGH –

Purchased in May of 2006, squaring up our block.

TIGER MOUNTAIN –

Tiger Mountain - 8km to the west, similar country with some loam to areas of stones.

GLEN VALE – Currently leasing 3400 acres at Wandoan.

Andrew, Norah, Oscar and Archie Cass

FULL FRENCH HOMOZYGOUS POLL

SEMEN AVAILABLE

\$66 inc GST per straw for 10 or more

Exportable to multiple countries

**Sire of LAOIS
ANC DANUBE D55F**

**Dam of LAOIS
ANC F68F**

LAOIS is Homozygous Poll Full French.

His first calves are on the ground, they are all poll. They possess a broad top-line when looking from above. In all of his progeny they are broad bodied with excellent fleshing and are soft easy doing.

LAOIS was 35kg at birth and is moderate framed. He has perfect feet and structure. His temperament is amazing as an untrained bull, he handles situations trained bulls have a problem with.

With his pedigree, teets and udder will be good, correct and long lasting. His pigment is dark and consistent throughout his whole body.

He has a soft easy doing hair type suitable for the cold Canadian seasons through to the Tropics.

We have been waiting for the right bull to put up as our first ANC AI sire for global markets. Seeing his progeny we are confident he will do us and whoever uses him proud.

Limited supply available.
