WELCOME

Andrew, Norah, Oscar and Archie Cass

Andrew and Norah Cass – ANC Full French Charolais – would like to extend a warm welcome to everyone to our annual On-Property Sale.

We have been breeding stud charolais using only full french bulls since 1972 as a part of AYR Charolais, to advance on our own in 2002.

ANC join over 850 Full French breeders to Full French poll and homozygous poll bulls. We also use fully imported embryos (from different female lines) from France's best elite female genetics, unrelated to anything in Australia, in addition to some AI and single sire matings.

At ANC we breed cattle with depth of body which carries right through to deep hindquarters with width, length, plenty of muscle and doing ability. Our cattle have excellent milk, fertility, mobility, temperament, feet and structural correctness with loads of character and brilliant pedigrees.

SALE CATTLE

Our cattle are born and raised on grass. A couple of months before the sale, they will be given light feed rations and will remain in grassy paddocks to stay fit and retain the ability to walk long distances.

We look forward to your attendance on Friday 30th August 2024 at 12 noon at "Glen Laurel", Guluguba.

REFERENCE SIRE

GDA PREMIER (AI) (ET) (PP)

TATTOO: GDX N11F DOB: 25/08/2017

PREMIER is **Homozygous Poll**. Clean coated, with an ultra quiet nature. He adds size, weight and rump to all his progeny. This is his very last line of bulls for sale. He has achieved greatness in our herd. One of our tallest, longest and heaviest sires who breeds quality all rounded progeny. He is the highest performance sire we have ever used. He works extremely well over our herd.

GUIDE TO GENOMIC RESULTS

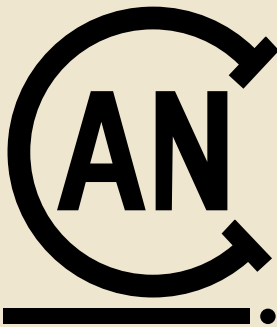

ANC Charolais herd has had DNA profile on most animals and this is continually building throughout the entire herd.

Animals that have been tested for genomics [DNA profiled] are indicated in the catalogue. The Charolais Society of Australia requires the sire of calves to be registered in the Charolais Herdbook to have GGP100K DNA profiles on record and be Sire verified where possible.

Genomic Testing Guide	
DNA100K	Animal has DNA100K on file with the Charolais Society of Australia
SV	Animal has qualified to recorded Sire
DV	Animal has qualified to recorded Dam
PV	Animal has qualified to recorded parents

- BPA- F (free)
- BPA - C (carrier)
- DNA - N/T (not tested)

ANC Charolais is a MYO Free Herd, with no cases ever found.
